Foreign Credential Recognition Program

SUBSCRIBER FORM - Access to Dental Technology Project

1. Introduction

What is the Access to Dental Technology Project?

The multi-year, pan-Canadian project is funded by Government of Canada's Foreign Credential Recognition Program and governed by the Canadian Alliance of Dental Technology Regulators (the Alliance). The project started in December 2017 and will:

- help internationally trained newcomers join the Canadian workforce faster
- launch a website with centralized information on the dental technology profession
- create pre-arrival self-assessment tools
- establish fair and consistent assessment processes of domestic and internationally educated professionals seeking licensure
- harmonize and streamline entry-to-practice and licensing processes for all applicants

What Does it Mean to be an ADT Subscriber?

The Alliance will collect personal information from persons who *voluntarily* agree to become Subscribers. The information collected is used to gain feedback and distribute project updates and announcements for the duration of the Project. Subscriber information is not shared with or disclosed to third parties beyond the Project Team.

By consenting to be a Subscriber, you indicate your interest in receiving information via email from the Alliance about the project. You can 'opt-out' of Alliance communications by using the "unsubscribe" facility provided in the communication itself.

* 1. I consent to be an ADT Subscriber and agree to receive updates, announcements, and inquiries about the project via email

Yes

* 2. Contact Information
